CONDITIONS OF PURCHASE AND USE OF THE EFNDT EXAMINATION QUESTION BANK

The question bank is available only to those certification bodies that are currently registered in compliance with the EFNDT Multilateral Recognition Agreement (MRA), have signed the EFNDT Code of Practice for Certification Bodies and agree to the following conditions of purchase and use.

1. The EFNDT will give no guarantee regarding the suitability of the questions or operating software.
2. EFNDT will not provide any after-sales support for the operating software or question bank.
3. The question bank is not available for preview to prospective purchasers.
4. A purchase and license fee of € 7,500 is payable prior to release of the EFNDT examination question bank and associated software.
5. EFNDT questions held at examination centres shall be subject to strict measures of security and confidentiality to prevent loss or compromise.
6. Only personnel authorised in writing by the Purchasing Certification Body shall have unrestricted access to the EFNDT examination question bank software and database, which must be rigidly controlled.

The Purchasing Certification Body's approved examination centre(s) shall have in place an operating procedure which ensures that candidates are, at all times during examination, closely supervised by an authorised representative of the Purchasing Certification Body in order to:

7. ensure that no EFNDT examination material is removed by any candidate.
8. EFNDT examination questions shall not be re-sold or further distributed by the Purchasing Certification Body.
9. Failure to abide by the conditions of sale and use shall result in cancellation of registration of the Purchasing Certification Body under the EFNDT MRA.

The application form to purchase and use of the examination question bank (see EFNDT/CEC/P/05-009/A1) shall be signed by a senior representative of the applicant Certification Body, agreeing to the conditions stipulated above.

Information about EFNDT Examination Question Bank and its operation

- Prospectus: There are 8189 questions in the question bank database

- Minimum system requirements for operation of the database:
 1. Not less than a 1 GHz Pentium 3 based system, or AMD equivalent.
 2. A minimum of 64 MB RAM, consistent with the minimum required for the operating system (so Windows XP will need more than this).
 3. Windows 98SE, ME, 2000, XP Home or XP Professional operating system.
 4. Microsoft Word 97, 2000, or 2003 installed.
