

EFNDT Recognition of Voluntary effort in NDT

Background

EFNDT wishes to recognise the work of individuals and organisations who provide exceptional voluntary effort in support of NDT Society activities.

Both consistent effort and major effort in support of an event are worthy of recognition.

Process

Each year, every member NDT Society may nominate up to three individuals or organisations..

Individual Societies will be responsible for deciding on their nominations.

Nominations should be e-mailed to the Secretariat, including for each the draft Recognition Letter and the date by which the letter and certificate are required (one month's notice required).

Recognition Letter and Certificate

Nominees will receive a letter and certificate signed by the President congratulating them on their nomination and thanking them for their support.

Letters will be sent to the National NDT Society making the nomination, which will be responsible for forwarding/presentation.

Website

A roll of honour of nominees will be maintained on the EFNDT website.
